

20 RIDES for \$20

Nonexpiring 20 ride passes available now through September 18, 2020

For a limited time, discounted 20 ride passes are available for fixed route and paratransit service. These promotional prices are intended to help with the financial strain that many of us are experiencing this year. **Passes may be purchased through September 18, 2020, and used as fare payment now or later on this year.**

Passes purchased on the bus will be activated at the time of purchase. Passes purchased at other locations will be activated on first use. **Passes must be inserted into the pass slot on the top of the farebox each time the pass is used;** swiping the card will not register the pass. Used rides will be printed on the back of the pass, allowing you to keep track of used trips. Lost passes will not be replaced. This promotional program was created with the support of the Wichita City Council and funding partially provided by the federal CARES Act to support COVID-19 economic recovery.

Standard 20 Ride Fixed Route \$20
