Ridership

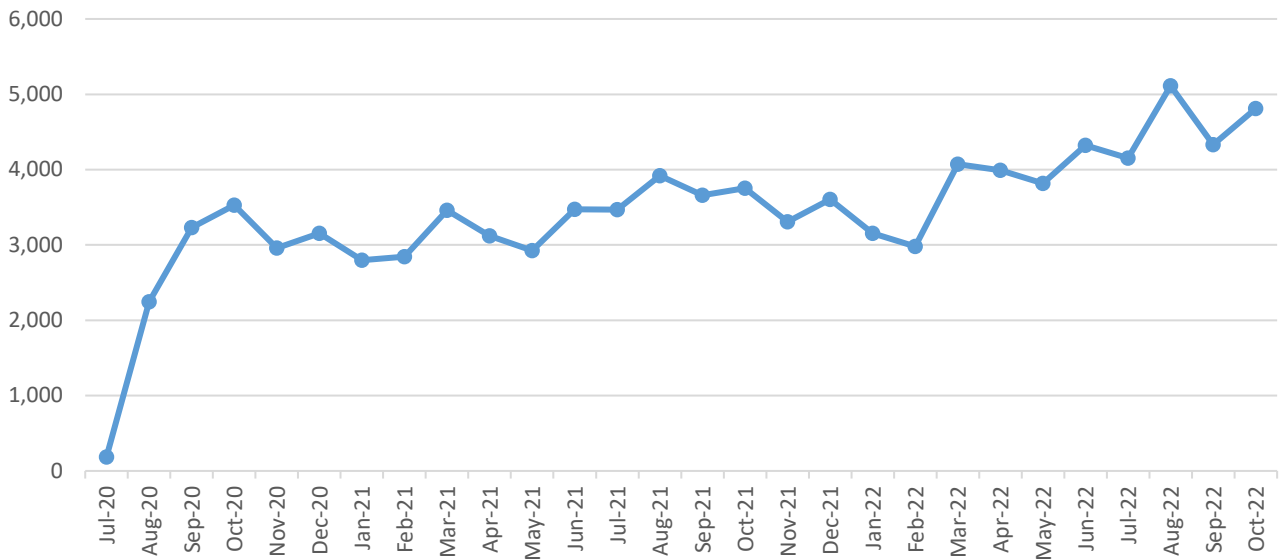

- Fixed-route ridership remained strong through the summer and moving into fall. September was the first month in the past three years to exceed ridership numbers from the same month in 2019.
- Record high ridership continues with both Wichita Public Schools and Wichita State. Averaging nearly 32,000 students monthly and 39% of total ridership for the fall semester.
- Q-LINE ridership is setting to a lower fall and winter trend. Additional ridership is being gained through WSU basketball games.
